Why BoardHub is Awesome?

Boards & Commissions

BoardHub provides end-to-end management of boards & commissions, including meeting planner, members and applications review process. Ability to manage related meetings, board members and any related documentation.

Application Management

BoardHub has external portal where anyone can access and submit applications for any board positions. The applications are available for review and process based on the defined eligibility criteria, the application forms are highly customizable.

Member Management

Manage patients and their associated Personal Data, Demographics, Vaccine and Immunization Records, Household Members etc. with very minimal customization and configuration.

Meeting Management

BoardHub comes with great features to create multiple recurring meetings for your boards & commissions based on the meeting planner, instead of creating individual meetings. In-built meeting attendace management, agenda and minutes without leaving the system.

External Portal

BoardHub comes with external portal for anyone to view and apply available board positions. Board members can use external portal to view and manage the details, meeting schedules, agendas and minutes.

Reports & Dashboards

BoardHub comes with several out of the box reports and dashboards to provide data analytics for board meetings, attendance, applications, member training statistics, member terms etc.

BoardHub Resolution

BoardHub addresses and resolves the following pain points for board and commission management from organizational perspective.

- Heavy Reliance on Manual Processes
- Redundant submission & review of information
- Inefficient process for tracking required documentation

- No standard risk analysis and audit management
- Scattered data which is not available for proper data analytics
- Lack of program and project integrity

- Lack of clarity and frequent changes in requirements
- Continuous changes in procedures and policies and no centralized documentation of the changes

- Difficulty to track the mandatory trainings for members
- No centralized repository for past & future meetings, recording and documents.
